

Pollen4hire

We specialise in supplying pretty decorations for Sussex weddings and special events

We originally started out as florists in 2000 when pollen flowers was launched and it was from working with so many couples on their happy days and then planning our own and our families, that we noticed there was quite a lot to do!

We realised that many of our couples already had busy careers, often combined with young families and they frequently mentioned that it would be so much easier to get more things from the one supplier for venue decorations.....eventually the penny dropped! We bought some chair covers and learnt how to make petal confetti initially and then never looked back – now we have a huge range of lovely items to include in your bespoke package, to really help you personalise your day and also potentially save time, money and wedding admin aka 'wedmin'

Gorgeous chiavari chairs, a flower wall, light up LOVE letters, sweetie carts, confetti petals and cones, fabric draping, starlit backdrops for venue styling, LED furniture, solar, fairy and festoon lights, authentic post-boxes and more.....

We have the special touches that guests so often notice too, handmade wooden LOVE letters or a pretty vintage wire basket of dried petal confetti with a little sign, unique to us and carefully sourced (and not for sale and/or already seen on auction sites)

(Generally our minimum hire is for our chair covers and sashes or chiavari chairs, so they would need to be included in the initial quote please. Then you can add on the extra decorations you are interested in, to build your own personal package of items.)

Who said wedding and event planning had to be stressful?! Get everything you need under one roof from Pollen4hire – the one stop wedding hire service
